Manager- Product Safety
McNeilus Truck & Manufacturing, Inc.
520 Hwy St E
Dodge Center, MN 55927

NEF-107MR
22V-716

Subject: Ejector Welds May Fail

Dear Mr. Sappington:

This letter serves to acknowledge McNeilus Truck & Manufacturing, Inc.'s notification to the National Highway Traffic Safety Administration (NHTSA) of a safety recall which will be conducted pursuant to Federal law for the product(s) listed below. Please review the following information to ensure that it conforms to your records as this information is being made available to the public. If the information does not agree with your records, please contact us immediately to discuss your concerns.

Makes/Models/Model Years:

MCNEILUS/ZERO RADIUS/2021-2023

Mfr's Report Date: September 23, 2022

NHTSA Campaign Number: 22V-716

Components:

EQUIPMENT

Potential Number of Units Affected: 1,187

Problem Description:

McNeilus Truck & Manufacturing, Inc. (McNeilus) is recalling certain 2021-2023 Zero Radius trucks. The ejector welds may fail, causing pressure and force to be placed on the hydraulic cylinder, which can cause it to penetrate through the side of the truck body.

Consequence:

A hydraulic cylinder that penetrates the side of a truck body increases the risk of injury.

Remedy:

McNeilus will either send service representatives to repair affected vehicles or ship parts to customers, free of charge. Owner notification letters are expected to be mailed on November 21, 2022. Owners may contact McNeilus' customer service at 1-888-686-7278.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.nhtsa.gov.

Please ensure the following requirements are met:

Your company's program shall include a plan for reimbursing an owner or purchaser who incurred costs to obtain a remedy for the problem addressed by the recall within a reasonable time in advance of your company's notification of owners, purchasers and dealers, in accordance with § 573.13. Your company's plan may incorporate by reference a general reimbursement plan it previously submitted to NHTSA, together with information specific to the individual recall. Information required by § 573.13 that is not in a general reimbursement plan shall be submitted in your company's report to NHTSA. If your company submits one or more general reimbursement plans, your company shall update each plan every two years (§ 573.13). If the vehicles are new and would be covered under the manufacturer's warranty program, please state that in the remedy section of your filing.

AMENDED 573 REQUIRED.

Please be reminded of the following requirements:

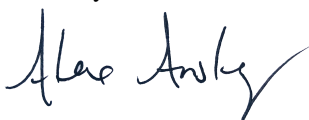

You are required to submit a draft owner notification letter to this office no less than five days prior to mailing it to the customers. Also, copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

Please be reminded that under 49 U.S.C. § 30112(a)(3), it is illegal for a manufacturer, to sell, offer for sale, import, or introduce or deliver into interstate commerce, a motor vehicle or item of motor vehicle equipment that contains a safety defect once the manufacturer has notified NHTSA about that safety defect. This prohibition does not apply once the motor vehicle or motor vehicle equipment has been remedied according to the manufacturer's instructions.

As stated in Part 573.7, submission of the first of eight consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.

McNeilus Truck & Manufacturing, Inc.'s contact for this recall will be Michelle Rice who may be reached by email at michelle.rice@dot.gov. We look forward to working with you.

Sincerely,

Alex Ansley
