**Subject:** Tie Rod Clamp Failure

Dear Mr. Kahl:

This letter serves to acknowledge Seagrave Fire Apparatus, LLC's notification to the National Highway Traffic Safety Administration (NHTSA) of a safety recall which will be conducted pursuant to Federal law for the product(s) listed below. Please review the following information to ensure that it conforms to your records as this information is being made available to the public. If the information does not agree with your records, please contact us immediately to discuss your concerns.

**Makes/Models/Model Years:**

SEAGRAVE/CAPITAL/2022  
SEAGRAVE/MARAUDER/2022

**Mfr's Report Date:** September 26, 2022

**NHTSA Campaign Number:** 22V-719

**Components:**

STEERING:LINKAGES:TIE ROD ASSEMBLY

**Potential Number of Units Affected:** 6

**Problem Description:**

Seagrave Fire Apparatus, LLC (Seagrave) is recalling certain 2022 Seagrave Marauder and Capitol emergency vehicles. The tie rod clamps may have been improperly heat-treated, causing them to fail and allowing the tie rods to separate.

**Consequence:**

Separated tie rods can result in a sudden loss of steering, increasing the risk of a crash.

**Remedy:**

Dealers will replace the tie rod clamps, free of charge. Owner notification letters are expected to be mailed on November 14, 2022. Owners may contact Seagrave's customer service at 1-877-777-5360.

**Notes:**

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to [www.nhtsa.gov](http://www.nhtsa.gov).

**Please ensure the following requirements are met:**

An identification and description of the risk to motor vehicle safety reasonably related to the defect or noncompliance (49 CFR 573.6 (c)(5)). All filings should state an increased risk of either a crash, injury or fire.

**AMENDED 573 REQUIRED.**

Please be reminded of the following requirements:

You are required to submit a draft owner notification letter to this office no less than five days prior to mailing it to the customers. Also, copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

Please be reminded that under 49 U.S.C. § 30112(a)(3), it is illegal for a manufacturer, to sell, offer for sale, import, or introduce or deliver into interstate commerce, a motor vehicle or item of motor vehicle equipment that contains a safety defect once the manufacturer has notified NHTSA about that safety defect. This prohibition does not apply once the motor vehicle or motor vehicle equipment has been remedied according to the manufacturer's instructions.

As stated in Part 573.7, submission of the first of eight consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.

Seagrave Fire Apparatus, LLC's contact for this recall will be Michelle Rice who may be reached by email at [michelle.rice@dot.gov](mailto:michelle.rice@dot.gov). We look forward to working with you.

Sincerely,

Alex Ansley
