Please review the following information to ensure that it conforms to your records as this information is being made available to the public. Makes/Models/Model Years:

GREAT DANE/CHAMPION/2023
GREAT DANE/EVEREST/2023

Mfr's Report Date: September 30, 2022

NHTSA Campaign Number: 22V-734

Components:

SERVICE BRAKES, AIR:DISC:PADS

Potential Number of Units Affected: 2,439

Problem Description:

Great Dane Trailers (Great Dane) is recalling certain 2023 Everest and Champion trailers. The retaining clip in the brake pad retaining assembly may be loose or could detach, loosening the brake pad.

Consequence:

A retaining clip or bracket that detaches can damage the brake pad, reducing brake performance, damage a tire valve, causing a flat tire, or become a road hazard, increasing the risk of a crash.

Remedy:

Dealers will inspect and if necessary, repair the spring bracket assembly, free of charge. Owner notification letters are expected to be mailed on November 29, 2022. Owners may contact Great Dane's customer service at 1-877-369-3493.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.nhtsa.gov.

Please ensure the following requirements are met:

An identification and description of the risk to motor vehicle safety reasonably related to the defect or noncompliance (49 CFR 573.6 (c)(5)). All filings should state an increased risk of either a crash, injury or fire.

AMENDED 573 REQUIRED.

Your company's program shall include a plan for reimbursing an owner or purchaser who incurred costs to obtain a remedy for the problem addressed by the recall within a reasonable time in advance of your company's notification of owners, purchasers and dealers, in accordance with § 573.13. Your company's plan may incorporate by reference a general reimbursement plan it previously submitted to NHTSA, together with information specific to the individual recall. Information required by § 573.13 that is not in a general reimbursement plan shall be submitted in your company's report to NHTSA. If your company submits one or more general reimbursement plans, your company shall update each plan every two years (§ 573.13). If the vehicles are new and would be covered under the manufacturer's warranty program, please state that in the remedy section of your filing.

AMENDED 573 REQUIRED.

Please be reminded of the following requirements:

You are required to submit a draft owner notification letter to this office no less than five days prior to mailing it to the customers. Also, copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

Please be reminded that under 49 U.S.C. § 30112(a)(3), it is illegal for a manufacturer, to sell, offer for sale, import, or introduce or deliver into interstate commerce, a motor vehicle or item of motor vehicle equipment that contains a safety defect once the manufacturer has notified NHTSA about that safety defect. This prohibition does not apply once the motor vehicle or motor vehicle equipment has been remedied according to the manufacturer's instructions.

As stated in Part 573.7, submission of the first of eight consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.
