**\*\*\*\* Campaign Summary \*\*\*\***

Nissan is issuing a Voluntary Safety Recall Campaign to reprogram the In Vehicle Infotainment (IVI) System software on certain 2022 Frontier, Titan/Titan XD, and 2021-2022 Rogue vehicles identified in Service Comm and DBS National Service History.

Under certain circumstances on vehicle restart, the In Vehicle Infotainment (IVI) System will continuously reboot causing the backup camera display to become inoperable. This condition may not comply with FMVSS 111 s.5.5 Rear Visibility. The vehicles covered in this campaign were produced before Nissan implemented an update to the In Vehicle Infotainment (IVI) System software.

The Nissan dealer will reprogram the In Vehicle Infotainment (IVI) System with updated software.
