Subject: Loss of Vehicle Lighting

Dear Ms. Robertson:

This letter serves to acknowledge Precision Industries, Inc.'s notification to the National Highway Traffic Safety Administration (NHTSA) of a safety recall which will be conducted pursuant to Federal law for the product(s) listed below. Please review the following information to ensure that it conforms to your records as this information is being made available to the public. If the information does not agree with your records, please contact us immediately to discuss your concerns.

Makes/Models/Model Years:

SPARTAN FIRE/METROSTAR/2021

Mfr's Report Date: October 17, 2022

NHTSA Campaign Number: 22V-780

Components:

ELECTRICAL SYSTEM

EQUIPMENT:EMERGENCY:SIREN/LIGHTING/STROBES

Potential Number of Units Affected: 2

Problem Description:

Precision Industries, Inc. (Precision Industries) is recalling two 2021 Emergency vehicles built on Spartan Metrostar chassis. The electrical multiplex module had an additional resistor incorrectly installed on the printed circuit board, which can disrupt CAN network communication and cause vehicle lighting to fail.

Consequence:

Inoperative vehicle lighting can reduce visibility and increase the risk of a crash.

Remedy:

Precision Industries replaced the modules, free of charge. Both affected vehicles have been repaired. Owners may contact Precision Industries customer service at 1-573-346-8387.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.nhtsa.gov.

Please be reminded of the following requirements:

Copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

Please be reminded that under 49 U.S.C. § 30112(a)(3), it is illegal for a manufacturer, to sell, offer for sale, import, or introduce or deliver into interstate commerce, a motor vehicle or item of motor vehicle equipment that contains a safety defect once the manufacturer has notified NHTSA about that safety defect. This prohibition does not apply once the motor vehicle or motor vehicle equipment has been remedied according to the manufacturer's instructions.

As stated in Part 573.7, submission of the first of eight consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.

Precision Industries, Inc.'s contact for this recall will be Michelle Rice who may be reached by email at michelle.rice@dot.gov. We look forward to working with you.

Sincerely,

Alex Ansley
