

## IMPORTANT SAFETY RECALL

---

**NHTSA Safety Recall 22V-795**

**THIS NOTICE APPLIES TO YOUR VEHICLE.**

**RE: BODY SERIAL  
CHASSIS SERIAL**

Dear Owner:

This notice is being sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

### **REASON FOR THIS RECALL**

Winnebago has decided that a defect related to motor vehicle safety exists on certain 2020-2023 View and Navion motorhomes. Our records indicate that you have purchased a vehicle with the serial number which appears above. These motor homes were manufactured March 1, 2019, through October 13, 2022.

In some instances, it is possible the tire can contact the LP line routed near the rear driver side wheel well and wear a hole in the LP line causing a leak. The LP line may not have been secured properly, which in some cases allowed for more slack in the LP line enabled the LP line to contact the rear tire. A LP leak in the presence of an ignition source could result in a fire.

### **WHAT WE WILL DO**

Winnebago will inspect the hose, replace if necessary and add additional secondary supports. This will be at no charge to you.

### **WHAT YOU SHOULD DO**

Please contact your Winnebago motorhome dealer or locate a Winnebago dealer at <https://www.winnebago.com/shopping-tools/locate-a-dealer> immediately to arrange for an appointment.
