

IMPORTANT SAFETY RECALL

IMPORTANT SAFETY RECALL

This notice applies to your vehicle

VIN: [REDACTED]

Update Park Lock Function

NHTSA Recall #22V796

December, 2022

- A safety defect exists in your vehicle.
- Remedy software is not yet available for your vehicle.
- We will contact you again once the software is available.

Dear Valued Mercedes-Benz Sprinter Owner or Lessee:

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

Mercedes-Benz AG ("MBAG"), the manufacturer of Mercedes-Benz Sprinter vans, has determined that a defect, which relates to motor vehicle safety, exists in certain Model Year ("MY") 2019-2022 Mercedes-Benz Sprinter vehicles. Our records indicate that your vehicle is included in the affected population of vehicles.

A component of the vehicle's park lock system might fatigue, which can cause the parking pawl not to engage and result in a vehicle rollaway. This may increase the risk of a crash. Mercedes-Benz USA reminds drivers to always follow the parking instructions in the vehicle's Operator's Manual, including setting the manual parking brake.

An authorized Mercedes-Benz Sprinter dealer will update the software of various control units (Direct Select Module, Electronic Ignition Switch Module, Electronic Stability Program Module, and Transmission Control Unit) on the affected vehicles, free of charge.

Unfortunately, the software to remedy this issue is currently not yet available.

We are working to obtain the necessary software to correct this condition as quickly as possible. When the software becomes available, we will send you another letter asking you to take your vehicle to an authorized Mercedes-Benz Sprinter dealer to have the recall completed free of charge.

Should you have any concerns or questions regarding your vehicle before you receive the next recall letter when the software is available, please contact an authorized Mercedes-Benz Sprinter dealer. If for any reason a dealer is unable to remedy your situation, we are always happy to hear from you. Please contact us at 1-800-367-6372. A vehicle identification number (VIN)-based recall lookup tool on our MBUSA.com website offers a search function that will indicate whether a vehicle has been subject to a safety recall, and whether that vehicle has had the free remedy performed.

Please visit www.mbvans.com/sprinter/owners-resources/recall and enter your 17 digit VIN in the VIN Look-up tool.

We also encourage you to sign up for recall alerts at www.nhtsa.gov/alerts.

In the event that you are no longer the vehicle owner, or have had a change of address, please complete the reverse side and return the updated information in the enclosed envelope. If this is a leased vehicle and the lessor and registered owner receive this notice, please forward this information by first class mail to the lessee within 10 business days to comply with Federal Regulations.

We apologize for any inconvenience this situation may cause you.

Sincerely,
Mercedes-Benz USA
