IMPORTANT SAFETY RECALL

(NHTSA Recall Number: 22V800)

This notice applies to your vehicle: **(Insert VIN)**

December 22, 2022

Dear Kia Sportage Vehicle Owner:

Kia has identified a defect in your vehicle which relates to motor vehicle safety.

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act. Kia America, Inc. has decided that a defect which relates to motor vehicle safety exists in certain 2008-2009 MY Sportage vehicles. The defect can result in a fire in your vehicle's engine compartment. A fire increases the risk of injury. Our records indicate that you own or lease one of the potentially affected vehicles.

On November 28, 2016, a different recall notice (16V815 or Kia's Reference # SC138) was sent to vehicle owners regarding the hydraulic electronic control unit (HECU). This is a new recall in addition to the previously launched 16V815 recall.

What Is The Problem?

An engine compartment fire originating from the area of the Hydraulic Electronic Control Unit (HECU) may occur while the vehicle is being driven or while parked after replacement of the HECU connector cover under 16V815 (SC138). A fire increases the risk of injury. You may experience illumination of ABS warning light, burning/melting smell, and/or smoke from engine compartment.

Kia Will Inspect and, If Necessary, Replace The HECU Free of Charge At No Cost To You. In Addition, Kia Will Replace The Fuses For The HECU Circuits Free of Charge At No Cost To You.

Kia dealers will inspect the HECU and its wiring harness and connectors for proper functionality and condition. If necessary, dealers will replace the HECU with a new one. In addition, dealers will replace the fuses for the HECU circuits with different capacities to mitigate the fire risk. This recall will be performed **free of charge at no cost to you**. The estimated time required to perform the recall will be approximately one (1) to two (2) hours. We recommend scheduling a service appointment to minimize your inconvenience.

What Should You Do?

- In the interest of the safety of your passengers, as well as your own safety, please immediately contact your authorized Kia dealer to arrange for the recall repair to be performed on your vehicle.
