IMPORTANT SAFETY RECALL

NHTSA SAFETY RECALL NUMBER 22-V894

This notice applies to your vehicle, (VIN) _____

Date:

Dear _____

This notification is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act.

Old School Trailers, LLC, has decided that a defect which relates to motor vehicle safety exists in certain 2022 Old School travel trailers equipped with Lippert electric retractable awnings up to 18' in length. There is a possibility of the welded seam of the fabric to coach interface separating. This only affects awnings manufactured between 1/17/22 - 6/12/22

The fabric could detach from the coach rail and remain attached to the awning frame. This could allow the awning to drop and extend beyond normal operation, increasing the risk of injury.

Old School Trailers will work with Lippert who will reimburse dealer or mobile repair facilities to perform the necessary inspection fabric and, if needed, repair of the fabric portion of certain 18' or smaller electric awnings. This inspection and repair will take approximately .30 hours inspection only, .30 hours repair only, 1.5 hours fabric replacement only. This will be done at no charge to the owner.

Please call the selling dealer for repairs. If that is not possible, call me and I along with Lippert, the supplier, will find a location where the awning can be repaired. you have any questions, call me at (574) 596-4828

If your dealer fails or is unable to remedy this defect without charge or within a reasonable amount of time, you may submit a written to:
