Subject: HVAC Controls May Become Inoperative

Dear Troy Niswonger:

This letter serves to acknowledge Jayco, Inc.'s notification to the National Highway Traffic Safety Administration (NHTSA) of a safety recall which will be conducted pursuant to Federal law for the product(s) listed below. Please review the following information to ensure that it conforms to your records as this information is being made available to the public. If the information does not agree with your records, please contact us immediately to discuss your concerns.

Makes/Models/Model Years:

ENTEGR/EXPANSE/2023
JAYCO/SOLSTICE/2023

Mfr's Report Date: December 13, 2022

NHTSA Campaign Number: 22V-922

Components:

ELECTRICAL SYSTEM: INSTRUMENT CLUSTER/PANEL
VISIBILITY:DEFROSTER/DEFOGGER/HVAC SYSTEM

Potential Number of Units Affected: 90

Problem Description:

Jayco, Inc. (Jayco) is recalling certain 2023 Jayco Solstice and Entegra Expanse recreational vehicles. The heating, ventilation, and air-conditioning (HVAC) system's controls, including those for defog and defrost, may become inoperative.

Consequence:

Loss of the ability to control the defrost or defog function decreases the driver's visibility under certain driving conditions, increasing the risk of a crash.

Remedy:

Dealers will update the remote climate control module software, free of charge. Owner notification letters are expected to be mailed on January 13, 2023. Owners may contact Jayco customer service at 1-800-283-8267.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.nhtsa.gov.

Please be reminded of the following requirements:

You are required to submit a draft owner notification letter to this office no less than five days prior to mailing it to the customers. Also, copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

Please be reminded that under 49 U.S.C. § 30112(a)(3), it is illegal for a manufacturer, to sell, offer for sale, import, or introduce or deliver into interstate commerce, a motor vehicle or item of motor vehicle equipment that contains a safety defect once the manufacturer has notified NHTSA about that safety defect. This prohibition does not apply once the motor vehicle or motor vehicle equipment has been remedied according to the manufacturer's instructions.

As stated in Part 573.7, submission of the first of eight consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.

Jayco, Inc.'s contact for this recall will be Kristin Lepper who may be reached by email at kristin.lepper@dot.gov. We look forward to working with you.

Sincerely,

Alex Ansley
Chief, Recall Management Division
