IMPORTANT SAFETY RECALL

This notice applies to your trailer, see VIN below
NHTSA Recall No. 23E028 and 22E101

April 10th, 2023

Re: Recall on Felling Trailers Equipped with certain Warn Winches

To Whom It May Concern

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act. Felling Trailers, based on information provided by WARN, has decided that a defect, which relates to motor vehicle safety, exists in certain 2022-2023 Drop-Deck and 2023 Deck-Over trailers equipped with WARN branded winch.

Felling Trailer Model # _____ Vin # _____

Description of defect: Water may enter the handheld remote control for the winch and cause circuit board corrosion, which can allow the winch to operate unintentionally, which increases the risk of injury.

Description of Remedy:

- Disable wireless function (see instructions below).
- Warn will offer \$100 coupon from WARN as compensation for lack of wireless function.
- Warn will offer a new corded-only remote if current remote shows evidence of corrosion.

Disabling Wireless function:

Remove battery pack from current remote. This will disable wireless function of remote, significantly mitigating the hazard. The remote will remain functional in the corded configuration when physically plugged into the winch. Unplugging the remote from the winch when not in use eliminates the hazard.

Please email or call Scott Brown to request coupon and/or new corded remote.

If you are unable receive the remedy for this defect without charge, or within a reasonable amount of time, you may submit a written complaint to:

Administrator
National Highway Traffic Safety Administration
1200 New Jersey AVE SE
Washington, DC 20590

You may also call the toll-free Vehicle Safety Hotline at 1-888-327-4236 (TTY: 1-800-424-9153); or go to <http://www.safercar.gov>.

Federal law requires that you forward a copy of this safety recall notice to the lessee within 10 days.

Regards,

Scott Brown
