Subject: Running Lights May Not Illuminate/FMVSS 108

Dear Mr. LaForte:

This letter serves to acknowledge Harbor Freight Tools's notification to the National Highway Traffic Safety Administration (NHTSA) of a safety recall which will be conducted pursuant to Federal law for the product(s) listed below. Please review the following information to ensure that it conforms to your records as this information is being made available to the public. If the information does not agree with your records, please contact us immediately to discuss your concerns.

Makes/Models/Model Years:

KENWAY/LED TRI-MARKER BAR LIGHT/9999

Mfr's Report Date: October 18, 2023

NHTSA Campaign Number: 23E-081

Components:

EXTERIOR LIGHTING

Potential Number of Units Affected: 20,200

Problem Description:

Harbor Freight Tools (Harbor Freight) is recalling certain Kenway 17" LED Rear Tri-Marker Bar Running Lights, with part number 59657 and serial numbers 372382320 or 372382328. During packaging, these lights may have been damaged, causing the lights to not illuminate. As such, these lights fail to comply with the requirements of Federal Motor Vehicle Safety Standard number 108, "Lamps, Reflective Devices, and Associated Equipment."

Consequence:

Lights that fail to illuminate can reduce the vehicle's visibility to other drivers, increasing the risk of a crash.

Remedy:

Harbor Freight will inspect the running lights and exchange the lights as necessary, free of charge. The manufacturer has not yet provided a schedule for recall notification. Owners may contact Harbor Freight customer service at 1-800-444-3353.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.nhtsa.gov.

Please be reminded of the following requirements:

You are required to submit a draft owner notification letter to this office no less than five days prior to mailing it to the customers. Also, copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

Under 49 U.S.C. § 30112(a), it is illegal for anyone, including a manufacturer, distributor, dealer, or retailer to sell an item of equipment or vehicle that fails to comply with all applicable Federal motor vehicle safety standards.

As stated in 49 U.S.C. § 30118(f), submission of eight consecutive quarterly reports followed by three annual reports is required. As described in 573.7, submission of the first of eight consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter. The first of three consecutive annual status reports will be due on, or before, 1 year after the eighth quarterly report was submitted.
