Subject: Recall R10217

TO: All U.S. and Canadian Volvo Retailers

NEW VEHICLES IN RETAILER INVENTORY

It is a violation of federal law for a retailer to deliver any new Volvo that is eligible for a recall. Retailers are advised to check all vehicles in inventory for recall eligibility and repair immediately. Violation of this requirement by a retailer could result in a civil penalty of up to \$22,723 per violation.

Correct all vehicles in your new vehicle inventory before delivery.

USED VEHICLES IN RETAILER INVENTORY

Volvo Car USA is ordering the stop-delivery of affected vehicles in auction and retailer inventory until the recalled item can be repaired.

Stopping the delivery of affected used vehicles until the recall is complete is consistent with Volvo's commitment to safety. Additionally, while Federal law does not prohibit the sale of used vehicles with open recalls, the sale of such cars could violate certain state laws and create liability on behalf of the retailer.

What does this mean for customers?

The recall software is currently available, and customers can take delivery of their vehicle once the total upgrade has been performed per this recall.

When will this be resolved?

Volvo Car USA LLC and Volvo Car Canada LTD on behalf of Volvo Car Group, have decided to launch Recall R10217 on certain model year 2023 S60, V60, V60CC, V90CC, XC60, XC90, XC40 and C40 vehicles.

Volvo Cars Investigations have identified that a certain diagnostic test that checks the grounding circuits may put the Brake Control Module 2 (BCM2) into a faulty state potentially resulting in a loss of brake support functions.

A reduction in brake support functions can occur increasing the risk of a crash.

The corrective action is to update the vehicles software with a new logic in the BCM2. This software will also be available via Over-The-Air (OTA) early March.

Volvo Cars centrally has not received any reports alleging injuries, fatalities, or crashes related to this condition.

A total of 27,457 U.S. and 1,602 Canadian vehicles are eligible for this recall.

Vehicle eligibility must be confirmed:

- Vehicle Inquiry – Warranty Vehicle Inquiry where the message "Recall R10217 BCM2 Upgrade" will appear for eligible vehicles, F4+History from the main Inquiry menu must be selected to confirm Recall R10217 has not been completed. Eligibility can also be confirmed in TIE.
- Recall R10217 eligible vehicles not yet delivered to end customers must be corrected prior to delivery.

All vehicles must be checked for any incomplete recalls or service campaigns or service upgrades. All open Recall, Service Campaigns or Service Action repairs must be completed. If you have any questions concerning this recall or your retailers' affected vehicles, please send an e-mail with your retailer code to recall@volvocars.com.

OWNER NOTIFICATION

An owner notification letter will be sent out in mid-March that will notify the owner of this recall.

PORT VEHICLES

R10217 affected vehicles will not receive the latest software at the Port. It is the retailer's responsibility to check vehicle eligibility prior to delivery.
