QR Code

Get access to recall notifications, locate your nearest dealer, and more through this website or Mopar Owner's Companion App. You will be asked to provide your Vehicle Identification Number (VIN) to protect and verify your identity. The last eight characters of your VIN are provided above.

DEALERSHIP INSTRUCTIONS

Please reference Safety Recall 15A.

IMPORTANT SAFETY RECALL

Low Cluster Brightness

Dear [Name],

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act.

FCA US LLC has decided that certain [2022 (MP) Jeep Compass] vehicles fail to conform to Federal Motor Vehicle Safety Standard (FMVSS) No. 101 – Controls and displays S5.3.2 Brightness of illumination of controls and indicators, which states "Means must be provided for illuminating the indicators...to make them visible to the driver under daylight...driving conditions."

It is extremely important to take steps now to repair your vehicle to ensure the safety of you and your passengers.

WHY DOES MY VEHICLE NEED REPAIRS?

The instrument panel center cluster display on your vehicle ^[1] may have insufficient backlighting due to incompatible vehicle components, making the instrument panel center cluster display not visible to the driver during daytime driving conditions.

A center cluster that is not visible to the driver may result in the driver's attention being distracted from the driving task while trying to locate a desired display, such as the fuel gauge and warning lights, which can cause a vehicle crash without prior warning.

HOW DO I RESOLVE THIS IMPORTANT SAFETY ISSUE?

FCA US will repair your vehicle ^[2] free of charge (parts and labor). To do this, your dealer will replace the windshield and headlamp switch and add a light sensor module and a wiring jumper harness to allow the instrument panel center cluster display backlighting to function correctly. The estimated repair time is three hours. In addition, your dealer will require your vehicle for proper check-in, preparation, and check-out during your visit, which may require more time. Your time is important to us, so we recommend that you schedule a service appointment to minimize your inconvenience. Please bring this letter with you to your dealership.

**TO SCHEDULE YOUR FREE REPAIR,
CALL YOUR CHRYSLER, DODGE, JEEP OR RAM DEALER TODAY**

WHAT IF I ALREADY PAID TO HAVE THIS REPAIR COMPLETED?

If you have already experienced this specific condition and have paid to have it repaired, you may visit www.fcarecallreimbursement.com to submit your reimbursement request online. ^[3] Once we receive and verify the required documents, reimbursement will be sent to you within 60 days. If you have had previous repairs performed and/or already received reimbursement, you may still need to have the recall repair performed.

We apologize for any inconvenience, but are sincerely concerned about your safety. Thank you for your attention to this important matter.

Customer Assistance/Field Operations
FCA US LLC
