Vehicle information:

VIN

2022 RAM 1500 BIGHORN/LONESTAR QUAD 4X2

Recall information: 63A/NHTSA 23V-059

Visit recalls.mopar.com for more information or call the FCA US Recall Team at [1-800-853-1403](tel:1-800-853-1403)

Details of the Recall

The Trailer Reverse Steering Control Module (TRSCM) on your vehicle may prevent the rearview image from displaying under certain conditions. The vehicle operator will notice that the rearview image is not displayed if attempting to reference the image while backing. If this warning is not heeded, backing without verifying it is safe to do so could lead to an increased risk of injury to people outside the vehicle.

FCA US will repair your vehicle free of charge (parts and labor). To do this, your dealer will update the TRSCM software. The estimated repair time is 30 minutes. In addition, your dealer will require your vehicle for proper check-in, preparation, and check-out during your visit, which may require more time. Your time is important to us, so we recommend that you schedule a service appointment to minimize your inconvenience.

How do I schedule my [FREE](#) repair?

- ◆ Simply contact your Chrysler, Jeep®, Dodge or RAM dealer right away to schedule a service appointment.

We apologize for any inconvenience, but are sincerely concerned about your safety. Thank you for your attention to this important matter.
