### \*\*\*\*\* Campaign Summary \*\*\*\*\*

Nissan is committed to the safety and security of our customers and their passengers. Nissan has notified the National Highway Traffic Safety Administration (NHTSA) that it is recalling the affected vehicles to address a potential issue with the driver airbag cover emblem.

The resin emblem on the driver’s airbag module cover in affected vehicles may have reduced durability due to potential Tier 2 supplier production process variation. In this condition, over time the posts of the emblem may develop cracks, and the emblem and retainer components could detach in the event of an airbag deployment. A detached emblem and/or retainer component may become a projectile during an airbag deployment, increasing the risk of injury to vehicle occupants.

Dealers will be able to identify the potentially affected vehicles in Service Comm and DBS National Service History on February 10, 2023. Nissan is currently developing its remedy plan. Nissan anticipates remedy availability in **Fall 2023**. A campaign announcement and repair information will be distributed once the remedy is available.

### \*\*\*\*\* What Dealers Should Do\*\*\*\*\*

1. Verify if vehicles are affected by this Voluntary Safety Recall Campaign using Service Comm or DBS National Service History Campaign I.D. **PC944, PC945, PC946.**

2. Dealers **must not wholesale, sell, lease, trade, rent or loan** any vehicles in dealer inventory affected by this recall campaign until after the vehicle has been inspected and, if necessary, repaired.

\*\*\*\* **Release Schedule** \*\*\*\*

<b>Repair</b>	Nissan is currently developing its remedy plan. Owners with a loose, cracked or missing emblem should contact their local authorized Nissan dealer for diagnosis. Ahead of publication of the campaign repair bulletin, please reach out to FQA for support <a href="mailto:campaignannouncements@nissan-usa.com">campaignannouncements@nissan-usa.com</a> . Nissan anticipates remedy availability in <b>Fall 2023</b> .
<b>Owner Notification</b>	Nissan will begin mailing interim notification letters to owners of affected vehicles in <b>March 2023</b> , via U.S. Mail. Once the remedy is available, owners will receive an invitation to repair letter instructing them to bring their vehicle to an authorized Nissan dealer to have the remedy work completed at no cost to the owner.

\*\*\*\* **Dealer Responsibility** \*\*\*\*

It is the dealer's responsibility to check Service Comm or DBS National Service History using the appropriate Campaign I.D. for the campaign status on each vehicle falling within the range of this voluntary recall campaign, which for any reason enters the service department. This includes vehicles purchased from private parties or presented by transient (tourist) owners and vehicles in dealer inventory. If a VIN subject to this recall campaign was part of a dealer trade, the letter associated with that VIN should be forwarded to the appropriate dealer for service completion.

**Frequently Asked Questions (FAQ):**

**Q. Is this a recall?**

A. Yes.

**Q. Is this a Stop Sale?**

A. Yes.

**Q: Does this stop sale apply to previously owned vehicles?**

A. Nissan strongly recommends dealers not sell a previously owned vehicle affected by this recall until it is remedied. Certain states have laws preventing the sale of previously owned vehicles with open safety recalls. Dealers must comply with all federal, state, and local laws regarding vehicle sales as they relate to open safety recalls.

**Q. How do I know if my vehicle has a problem with the driver airbag cover emblem?**

A. If your vehicle is subject to this campaign, you will receive an owner notification letter from Nissan. If you would like, I can check your vehicle identification number (VIN) right now to see if your vehicle is affected. You may also search for open recall campaigns at <https://www.nissanusa.com/recalls-vin.html>

**Q. What is the reason for the recall?**

A. The resin emblem on the driver's airbag module cover in affected vehicles may have reduced durability due to potential Tier 2 supplier production process variation. In this condition, over time the posts of the emblem may develop cracks, and the emblem and retainer components could detach in the event of an airbag deployment.

**Q. What is the possible effect of the condition?**

A. A detached emblem and/or retainer component may become a projectile during an airbag deployment, increasing the risk of injury to vehicle occupants.

**Q. What will be the corrective action for this voluntary recall campaign?**

A. Nissan is currently developing a remedy plan.

**Q. When will vehicle owners be notified?**

A. Nissan will begin sending interim notifications to owners of all potentially affected vehicles in **March 2023** via U.S. Mail.

**Q. Is my vehicle safe to drive?**

A. Owners with a loose, cracked or missing emblem should contact their local authorized Nissan dealer for diagnosis. If inspection deems remedy is needed, a limited number of parts or alternative transportation may be available.

**Q. Is there anything owners can do to avoid the risk/danger?**

A. Owners with a loose, cracked or missing emblem should contact their local authorized Nissan dealer for diagnosis. If inspection deems remedy is needed, a limited number of parts or alternative transportation may be available.

**Q. Are parts available for the recall repair?**
