URGENT SAFETY RECALL NOTICE

WHY DOES MY [2022] [GSX1300RR] NEED REPAIR?

In certain conditions, a passage in the front brake master cylinder body that regulates fluid pressure may become blocked when the brake lever is released. If this occurs, the brake lever may require greater than normal travel in a subsequent application of the front brake. This can lead to extended stopping distances, **increasing the risk of a crash.**

SUZUKI WILL REPAIR YOUR VEHICLE FREE OF CHARGE.

Your Suzuki dealer will replace the front brake master cylinder body with a revised part. The new part has a revised brake fluid passage that will prevent this condition from occurring. The repair will take approximately one hour to perform, and there will be no charge to you for any recall-related parts or labor.

Suzuki Recall Resolution Team

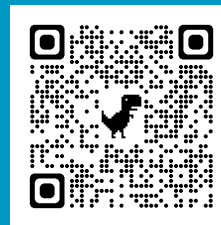

Special incentive for repair:

Customers who have the recall repair performed no later than September 30, 2023, are eligible for a \$100 gift card. To receive the gift card, have the recall repair performed by September 30, 2023, make a legible scan of your completed service repair order, and send by email to: motorcyclecr@suz.com no later than October 15, 2023.

In the body of the email include your name, address, telephone number, and email address. Please allow 30-60 days to process. This incentive is only valid in the continental U.S.
