RE: IMPORTANT SAFETY NOTIFICATION – NHTSA Recall Notice 22V-103 - ATC Toyhauler and Quest Trailers with a Suburban SDS2-2 burner cooktop

To: All Dealers

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

The Aluminum Trailer Company (“ATC”) has decided that a defect, which relates to motor vehicle safety, exists in certain 2021-2023 ATC Toyhauler and Quest trailers specifically with a Suburban SDS2- 2 burner cooktop that was manufactured by ATC from December 2020 to January 2023.

If the trailer specified has a Suburban SDS2-2 burner cooktop installed, the internal aluminum burner tube connected to the gas valve may fracture from excessive vibration or shock. The tube may crack resulting in a gas leak when the gas valve is opened to use the appliance. The resulting gas may result in a fire and/or explosion which could result in personal injury. Safety of all past and present ATC trailers is our top priority.

Owners will be notified by mail about the recall. ATC will remedy the defect without charge by repairing or replacing the existing Suburban SDS2-2 burner cooktop. ATC will supply the required parts kit and work instructions for the repair. We estimate the time to perform the labor required to correct the defect to be 0.25 hours. There is no cost to owners for this recall. ATC will reimburse any customer who incurred costs to repair the defect before our notification was sent.

Please be reminded that it is a violation of Federal law for you to sell or lease the trailers covered by this notification until this recall has been performed on these trailers. Substantial civil penalties apply to violations of this law.

Your assistance with this recall is appreciated. Should you have any questions or concerns, please contact Customer Support at The Aluminum Trailer Company by mail, P.O. Box 396 Nappanee, IN 46550; by phone (877) 441-2440, or electronic mail customersupport@atctrailers.com.

Sincerely,

The Aluminum Trailer Company
