

New Safety Recall Advanced Communication – 19A

FCA US LLC (FCA US) has announced a safety recall on certain 2018 through 2023 Model Year (JL) Jeep® Wrangler and 2020 through 2023 Model Year (JT) Jeep® Gladiator vehicles equipped with a manual transmission.

VINs identified as being involved in this campaign are currently live and searchable.

Stop sale is in effect for the above-identified vehicles.

Vehicles impacted by a stop sale are eligible for reimbursement allowance through the Recall Floorplan Reimbursement Policy (RFPRP), which can be requested upon recall claim submission.

IMPORTANT: Some of the involved vehicles may be in dealer new vehicle inventory. Federal law requires you to complete this recall service on these vehicles before retail delivery. Violation of this requirement by a dealer could result in a civil penalty of up to \$21,000 per vehicle. Involved vehicles can be determined by using the VIP inquiry process.

REASON FOR THIS SAFETY RECALL

In some of the above vehicles equipped with manual transmissions, in some circumstances, the clutch pressure plate may become overheated through friction, which may lead the pressure plate to rapidly fracture. When a pressure plate fractures, it may result in cracks or holes in the transmission case, allowing heated debris to be expelled from the transmission case. In some circumstances, the operator may smell a clutch odor and or clutch slippage prior to the failure and may receive instrument cluster messaging. Heated debris expelled from the transmission bellhousing may come in contact with an ignition source in the vehicle or surrounding area, potentially leading to a fire. A fire can result in increased risk of occupant injury and injury to persons outside the vehicle.

SERVICE ACTION

FCA US will conduct a voluntary safety recall on all affected vehicles. The remedy is currently under development. Dealers will be notified of the launch of this safety recall by way of established communication methods. This recall is estimated to launch in 2nd Quarter of 2023.

We ask that you please take the time to ensure that your personnel are aware of this communication and are prepared to execute a customer friendly process for inquiries regarding involved vehicles.

IMPORTANT SAFETY RECALL

Clutch

Dear [Name],

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act.

FCA US LLC, has decided that a defect, which relates to motor vehicle safety, exists in certain [2018 through 2023 Model Year (JL) Jeep® Wrangler and 2020 through 2023 Model Year (JT) Jeep® Gladiator] vehicles equipped with a manual transmission.

WHY DOES MY VEHICLE NEED REPAIRS?

The manual transmission clutch pressure plate on your vehicle ^[1] may, in some circumstances, become overheated through friction, which may lead the pressure plate to rapidly fracture. When a pressure plate fractures, it may result in cracks or holes in the transmission case, allowing heated debris to be expelled from the transmission case. In some circumstances, the operator may smell a clutch odor and or clutch slippage prior to the failure and may receive cluster messaging. **Heated debris expelled from the transmission bellhousing may come in contact with an ignition source in the vehicle or surrounding area, potentially leading to a fire. A fire can result in increased risk of occupant injury and injury to persons outside the vehicle.**

HOW DO I RESOLVE THIS IMPORTANT SAFETY ISSUE?

The remedy for this condition is not currently available. We are making every effort to finalize the remedy, and will service your vehicle free of charge (parts and labor) when the remedy is available.

FCA US will contact you again, by mail, with a follow-up recall notice when the remedy is available. Once you receive your follow-up notice, simply contact your Chrysler, Jeep®, Dodge or RAM dealer right away to schedule a service appointment ^[2]. Additional options for your next steps are included on the left side of this notification. We appreciate your patience.

WHAT IF I ALREADY PAID TO HAVE THIS REPAIR COMPLETED?

If you have already experienced this specific condition and have paid to have it repaired, you may visit www.fcarecallreimbursement.com to submit your reimbursement request online ^[3]. Once we receive and verify the required documents, reimbursement will be sent to you within 60 days. If you have had previous repairs performed and/or already received reimbursement, you may still need to have the recall repair performed.

We apologize for any inconvenience, but are sincerely concerned about your safety. Thank you for your attention to this important matter.
