IMPORTANT SAFETY RECALL

This notice applies to your vehicle(s), see VIN list below.

Dear Customer,

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act.

Prevost Car US Inc. has decided that a defect which relates to motor vehicle safety exists in certain 2018 – 2023 H3-45 Coaches, 2019 H3-41 Coaches & certain 2018 – 2023 H3-45 VIP Motorhomes.

DEFECT DESCRIPTION

Automatic Fire Suppression System (AFSS)

On certain vehicles, the optical fire sensor could malfunction and wrongfully detect a fire. In this event, the Automatic Fire Suppression System (AFSS) may give false warning to the driver, command an unwarranted engine shutdown, and release chemical fire extinguishing agent in the engine compartment.

SAFETY RISK

An unexpected loss of drive power, caused by an unwarranted Automatic Fire Suppression System activation, can increase the risk of a crash without prior warning. A loss of drive power may also require a passenger evacuation in traffic and other potential hazards, which increases the risk of injuries.

IDENTIFICATION OF ANY WARNING THAT CAN PRECEDE

In some cases, the Automatic Fire Suppression System trouble light may be intermittently illuminated prior to the event. The driver will also receive a visible and audible alert prior to the engine shutdown.

REMEDY PROGRAM

When the solution is ready, Prevost will provide a repair procedure to remedy the affected vehicle population. All costs associated with this inspection & repair will be covered by Prevost.
