<City, State, ZIP>

This notice applies to your vehicle, <VIN>

NHTSA Recall No: 23V-130

Dear Tesla Owner,

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act. Tesla, Inc. has decided that a defect, which relates to motor vehicle safety exists in certain Model Year 2022-2023 Model Y vehicles. Our records show that you are the owner of a vehicle affected by this action.

**REASON FOR THIS RECALL**

Supplier manufacturing records indicate that one or more of the bolts that secure the second-row driver-side and passenger-side seat back frames to the lower seat frames may not have been torqued to specifications. If the bolts that secure the seat back frames to the lower seat frames are not torqued to specifications, the seat belt system may not perform as designed in a collision, which may increase the risk of an injury for occupants seated in affected second-row seating positions.

**WHAT TESLA WILL DO**

At no charge to you, Tesla Service will inspect the bolts that secure the second-row driver-side and passenger-side seat back frames to the lower seat frames and, if necessary, retorque them to specifications.

**WHAT YOU SHOULD DO**

Please schedule a service appointment through your Tesla mobile app. Alternatively, if you wish to contact your nearest Tesla Service Center or require technical assistance, please visit [www.tesla.com/findus](http://www.tesla.com/findus) or call 1-877-79-TESLA (1-877-798-3752). For awareness, the inspection of the seat frame bolts and repair, if necessary, will take approximately 15 minutes. The inspection and the repair may be completed by Tesla Mobile Service where available.

If you believe that Tesla has failed or is unable to remedy this defect without charge or within a reasonable time, you may submit a complaint to the Administrator, National Highway Traffic Safety Administration, 1200 New Jersey Avenue SE, Washington, DC 20590, by calling 1-888-327-4236 (TTY: 1-800-424-9153), or by visiting [www.safercar.gov](http://www.safercar.gov).

Federal law requires any lessor who receives a notification of a noncompliance or safety-related defect determination pertaining to any leased motor vehicle to send the notice to the lessee within 10 days.

If you no longer own the vehicle, update vehicle ownership in your Tesla Account. For more details adding or removing vehicles from your Tesla Account, visit [www.tesla.com/support/account-support#add-remove-products](http://www.tesla.com/support/account-support#add-remove-products).

Thank you for being a Tesla customer. We are committed to ensuring that your vehicle provides the highest possible level of safety.
