Please review the following information to ensure that it conforms to your records as this information is being made available to the public. If the information does not agree with your records, please contact us immediately to discuss your concerns.

**Makes/Models/Model Years:**  
VOLKSWAGEN/ID.4/2021-2022

**Mfr's Report Date:** May 3, 2023

**NHTSA Campaign Number:** 23V-312

**Components:**  
STRUCTURE:BODY:DOOR:HANDLE:EXTERIOR

**Potential Number of Units Affected:** 35,325

**Problem Description:**

Volkswagen Group of America, Inc. (Volkswagen) is recalling certain 2021-2022 ID.4 vehicles. The affected vehicles may have been manufactured with door handles that allow water to enter the circuit board assembly, which can cause the doors to open unexpectedly when the vehicle is subject to high lateral forces at speeds below 9 mph/15 kmh.

**Consequence:**

A vehicle door that opens unexpectedly while the vehicle is in motion increases the risk of injury.

**Remedy:**

Dealers will update the vehicle software, and inspect the door handles as necessary, free of charge. Owner notification letters are expected to be mailed June 30, 2023. Owners may contact Volkswagen's customer service at 1-800-893-5298. Volkswagen's number for this recall is 57J5.

**Notes:**

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to [www.nhtsa.gov](http://www.nhtsa.gov).

Please be reminded of the following requirements:

You are required to submit a draft owner notification letter to this office no less than five days prior to mailing it to the customers. Also, copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

Please be reminded that under 49 U.S.C. § 30112(a)(3), it is illegal for a manufacturer, to sell, offer for sale, import, or introduce or deliver into interstate commerce, a motor vehicle or item of motor vehicle equipment that contains a safety defect once the manufacturer has notified NHTSA about that safety defect. This prohibition does not apply once the motor vehicle or motor vehicle equipment has been remedied according to the manufacturer's instructions.

As stated in 49 U.S.C. § 30118(f), submission of eight consecutive quarterly reports followed by three annual reports is required. As described in 573.7, submission of the first of eight consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter. The first of three consecutive annual status reports will be due on, or before, 1 year after the eighth quarterly report was submitted.
