**Subject:** Defect Information Report filed with NHTSA for upcoming SN719  
**Attachments:** Safety Notice 719 - NHTSA# 23V396 Defect Information Report.pdf

Good morning,

We wanted to make you aware of the attached Defect Information Report that was filed with the National Highway Transportation Safety Administration (NHTSA). NHTSA has assigned their bulletin# 23V396 to this report. As yet, NHTSA has not posted this report to their website. The repair procedure and repair kit and being worked on right now. If you get a call about this report, you can speak with the customer but we ask that you don't forward any information as it will be available on the NHTSA website. The first owner letter mailing will take place no later than July 14, 2023. Please call me if you have any specific questions or concerns.

Regards,  
Les K
