Mfr's Report Date: July 21, 2023

NHTSA Campaign Number: 23V-506

Components:

ELECTRICAL SYSTEM: INSTRUMENT CLUSTER/PANEL

Potential Number of Units Affected: 38,695

Problem Description:

Ford Motor Company (Ford) is recalling certain 2023 Escape, Super Duty F-250, Super Duty F-350, Super Duty F-450, and Super Duty F-550 vehicles equipped with a digital instrument panel cluster. The module may have been improperly soldered, preventing the instrument panel from illuminating. As such, these vehicles fail to comply with the requirements of Federal Motor Vehicle Safety Standard number 101, "Control and Displays."

Consequence:

An inoperable instrument panel cannot show critical safety information, such as the speedometer or warning lights, which may increase the risk of a crash.

Remedy:

Dealers will replace the module or instrument panel as necessary, free of charge. Owner notification letters are expected to be mailed August 14, 2023. Owners may contact Ford customer service at 1-866-436-7332. Ford's number for this recall is 23C25.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.nhtsa.gov.

Please be reminded of the following requirements:

You are required to submit a draft owner notification letter to this office no less than five days prior to mailing it to the customers. Also, copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

Under 49 U.S.C. § 30112(a), it is illegal for anyone, including a manufacturer, distributor, dealer, or retailer to sell an item of equipment or vehicle that fails to comply with all applicable Federal motor vehicle safety standards.

As stated in 49 U.S.C. § 30118(f), submission of eight consecutive quarterly reports followed by three annual reports is required. As described in 573.7, submission of the first of eight consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter. The first of three consecutive annual status reports will be due on, or before, 1 year after the eighth quarterly report was submitted.
