August 17<sup>th</sup>, 2023

RE: IMPORTANT SAFETY NOTIFICATION –

To: All Dealers

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

The Aluminum Trailer Company (“ATC”) has decided that a defect, which relates to motor vehicle safety, exists in certain 2022 - 2023 ATC PL700 5<sup>th</sup> Wheels that were manufactured by ATC from August 2022 to July 2023.

The trailer specified may potentially have loose wire connections within the transfer switch which could cause friction leading to a thermal event. Connections within the transfer switch must be torqued to the proper specifications. Safety of all past and present ATC trailers is our top priority.

Owners will be notified by mail about the recall. ATC will supply the required work instructions for the repair. We estimate the time to perform the labor required to correct the defect to be 15 minutes. There is no cost to owners for this recall. ATC will reimburse any customer who incurred costs to repair the defect before our notification was sent.

Please be reminded that it is a violation of Federal law for you to sell or lease the trailers covered by this notification until this recall has been performed on these trailers. Substantial civil penalties apply to violations of this law.

Your assistance with this recall is appreciated. Should you have any questions or concerns, please contact Customer Support at The Aluminum Trailer Company by mail, P.O. Box 396 Nappanee, IN 46550; by phone (877) 441-2440, or electronic mail [customersupport@atctrailers.com](mailto:customersupport@atctrailers.com).

Sincerely,

The Aluminum Trailer Company
