**Date:** September 08, 2023

**Issue:** Certain vehicles may not comply with Federal Motor Vehicle Safety Standard (FMVSS) No.114, *Theft protection and rollaway prevention*. Due to an incorrectly coded data container, affected vehicles may fail to provide an audible warning in the instrument cluster when the driver opens the door after turning off the ignition and leaving the key in the ignition cylinder. If there is no audible warning to alert the driver to a key left in the ignition, there is an increased risk of vehicle theft.

**Precautions** Customers are advised to always make sure to remove the ignition key from the vehicle and take it with them when exiting the vehicle. Customers are also urged to share this important information with anyone who drives the vehicle.

- Repair:**
- REPAIR NOT YET AVAILABLE
  - Check daily campaign open inventory report or OMD for affected vehicles in inventory.
  - Volkswagen is working to make a recall remedy available as soon as possible for the affected vehicles. Dealers and owners will be notified in writing once the recall remedy work can be performed.

**Affected Vehicles**

Country	Beginning Model Year	Ending Model Year	Vehicle	Vehicle Count
USA	2019	2019	JETTA	8

*\*Counts reflect overall population; some vehicles may have already been repaired. Check Campaigns/Actions screen in Elsa on the day of repair to verify that a VIN qualifies for repair under this action. Elsa is the only valid campaign inquiry & verification source.*

**Notes:**

**IMPORTANT REMINDER: VEHICLES AFFECTED BY SAFETY & COMPLIANCE RECALLS**

**New Vehicles in Dealer Inventory: It is a violation of federal law for a dealer to deliver a new motor vehicle or any new or used item of motor vehicle equipment (including a tire) covered by this notification under a sale or lease until the defect or noncompliance is remedied. By law, dealers must correct, prior to delivery for sale or lease, any vehicle that fails to comply with an applicable Federal Motor Vehicle Safety Standard or that contains a defect relating to motor vehicle safety.**

**Pre-Owned Vehicles in Dealer Inventory: Dealers should not deliver any pre-owned vehicles in their inventory which are involved in a safety or compliance recall until the defect has been remedied.**
