****IMPORTANT SAFETY RECALL****

This notice applies to your vehicle, [VIN]

NHTSA Recall No: XXXXX

November 21, 2023

Dear Alexis Fire Equipment Customer:

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

Alexis Fire Equipment has decided, based on information provided by Spartan Fire LLC, that a defect exists in certain model year 2021-2024, Gladiator, MetroStar, FC-94 model emergency response chassis cabs built between June 2022 and September 2023.

APPARATUS VIN: [OWNER VIN]

COMPONENT:

Spartan Fire 2022-2024, Gladiator, MetroStar, FC-94 model emergency response chassis cabs.

PROBLEM DESCRIPTION:

Potential delay in the park brake setting after the park brake valve is activated caused by a defect in the inversion valve utilized by Spartan Motors. The inversion valve was determined to be out of specification but Spartan Motors is still investigating the root cause.

CONSEQUENCE:

If the vehicle has a defective inversion valve, the park brake engagement may be intermittently delayed, not within 3 seconds and fail to comply with the requirements of the Federal Motor Vehicle Safety Standards (FMVSS) number 121 "Air Brake Systems". This may result in inadvertent vehicle movement and possible injury or crash.

REPAIR PROCEDURE & CUSTOMER ACTION:

We will work with you to contact your local dealer for facilitating the inspection and if your vehicle is found to have the defect, the replacement of the defective inversion valve. There is no cost to the vehicle owner for the recall remedy. The inspection and repair will take approximately 1 hour to complete. To find your nearest dealer, please visit www.alexisfire.com.
