HINO/NJ7B/2022-2023
HINO/NV7A/2022-2023
HINO/NV7B/2022-2023

Mfr's Report Date: November 9, 2023

NHTSA Campaign Number: 23V-756

Components:

POWER TRAIN:AUTOMATIC TRANSMISSION:GEAR POSITION INDICATION (PRNDL)

Potential Number of Units Affected: 985

Problem Description:

Hino Motors Sales U.S.A., Inc. (Hino) is recalling certain 2022-2023 Hino NE7A, NE7B, NJ7A, NJ7B, NV7A, and NV7B vehicles equipped with a 2500 series transmission. The transmission shift selector has a Park 'P' position, even though the transmission does not contain a mechanical park mechanism.

Consequence:

The vehicle may rollaway if the shift selector is set to Park 'P' without the parking brake applied, increasing the risk of a crash.

Remedy:

Dealers will inspect and replace the shift selector as necessary, free of charge. Owner notification letters are expected to be mailed January 5, 2024. Owners may contact Hino customer service at (248) 699-9300. Hino's number for this recall is M0440.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.safercar.gov.

Please be reminded of the following requirements:

You are required to submit a draft owner notification letter to this office no less than five days prior to mailing it to the customers. Also, copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

Please be reminded that under 49 U.S.C. § 30112(a)(3), it is illegal for a manufacturer, to sell, offer for sale, import, or introduce or deliver into interstate commerce, a motor vehicle or item of motor vehicle equipment that contains a safety defect once the manufacturer has notified NHTSA about that safety defect. This prohibition does not apply once the motor vehicle or motor vehicle equipment has been remedied according to the manufacturer's instructions.

As stated in 49 U.S.C. § 30118(f), submission of eight consecutive quarterly reports followed by three annual reports is required. As described in 573.7, submission of the first of eight consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter. The first of three consecutive annual status reports will be due on, or before, 1 year after the eighth quarterly report was submitted.

Hino Motors Sales U.S.A., Inc.'s contact for this recall will be Debora Crews who may be reached by email at debora.crews@dot.gov. We look forward to working with you.

Sincerely,
