FAQs

1. Can the customer continue to drive their vehicle?

This is a STOP DRIVE recall, and customer safety is our highest priority. MBUSA advises customers to stop driving their vehicle until the remedy is performed. Vehicle owners will be informed by the MBUSA Customer Assistance Center (CAC) starting December 20, 2023, to stop driving their vehicles. Customers will also receive an in-vehicle Head-Unit notification to stop driving their vehicle starting December 29, 2023. The Head-Unit messaging will continue to appear until the vehicle's remedy has been completed. Customers will be notified by first class mail on January 19, 2024, to stop driving their vehicle.

2. Will the Dealer provide a loaner vehicle?

In efforts to support dealers during this STOP DRIVE Recall, temporary Curtesy Vehicle Program (CVP) slots may be provided on an as-needed basis. Once a customer has contacted the dealer for loaner vehicle support, please contact the CVP team for additional steps. Alternative transportation is limited to CVP.

3. Customers are advised not to drive their vehicle; will towing be offered?

Towing will be provided free of charge and can be arranged by the dealer, or by calling 1-855-853-9454 for assistance.

4. Media article states customers of the affected vehicles should stop driving their vehicle; what should they do?

A VIN-based recall lookup tool on the MBUSA.com website offers a search feature that will indicate whether a vehicle has been subject to a safety recall. See https://www.mbusa.com/en/recall for more details. If the vehicle status is listed as "Pending" or "Open", the vehicle MUST NOT be driven until the repair is performed.

5. The customer received a letter but no longer owns the vehicle. How can they update ownership information?

Customers should be directed to the MBUSA recall website at https://www.mbusa.com/en/recall, where they can enter their VIN and update their contact information, or by calling 1-855-853-9454 for assistance.

6. How do dealers submit for other limited customer and vehicle mobility solutions to and from the dealer, including ride sharing, public transportation and vehicle transport?

Dealer should submit a claim using damage code 35600 01 and enter the corresponding amount on the sublet line. Supporting documentation for mobility expenses to and from the dealer (ride sharing, public transportation and vehicle transport) must be attached to the claim. All sublet claims are subject to review by MBUSA. Alternative transportation is limited to CVP.

News Channel Update

7.	The customer wishes to keep driving the vehicle and refuses the repair. How do I handle this situation? Customer safety is our top priority at Mercedes-Benz. If the customer insists on driving the vehicle despite the warnings associated with a "STOP DRIVE" recall, the following language MUST be added to the Repair Order and initialed by the customer:
	involved, and I voluntarily and freely choose to assume these risks.

8. The customer wishes to keep driving the vehicle and is refusing to initial the "Assumption of Risk" on the Repair Order. How do I handle this situation?

Please follow the same protocol used at your dealer when a customer refuse services. Make a notation on the RO that "customer refuses to initial the Assumption of Risk." A customer signature must be recorded on the RO.
