**NHTSA Recall # 24V-036**  
**Transport Canada Recall # 2024-024**  
**Tiffin Recall # TIF-135**

February 5, 2024

### Villa Driver's Seat Pedestal Weld

Dear Tiffin Motorhome Dealer,

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

Tiffin Motorhomes has decided that a defect, which relates to motor vehicle safety, exists in certain **2022 Allegro Bus motorhomes, 2022 Phaeton motorhomes, 2022 Allegro RED 360 motorhomes, and 2022 Zephyr motorhomes built between January 3, 2022, and April 28, 2022.**

On certain motorhomes the driver's seat pedestal may not be completely welded. If the driver's seat pedestal is not completely welded, this could cause the seat to break which could result in injury to the driver and an increased risk of a crash.

Tiffin Motorhomes will have the driver's seat pedestal weld checked and if a missing weld is found, the pedestal on the driver's seat will be replaced.

Owners will be notified by mail about the recall and will be instructed to take their motorhome to a reputable service center **OR** dealer of **their** choice to have the repair completed. Villa International and Tiffin Motorhomes are allowing 0.10 hours for this inspection. If a pedestal with a missing weld is found, the time allowed for the replacement is 1 hour. This recall repair will be completed at no charge to the owner of the motorhome.
