**Repair Information:** The remedy is still under development. Once the remedy is complete the instructions will be posted to the Winnebago Dealer Portal.

**Owner Notification:** Winnebago Towables anticipates notifying owners by the end of March.

**Owner Precautions:** Owners should be aware of any abnormal functioning of the backlit cooktop knobs and notify their dealer if there are any concerns. In addition, owners should de-energize the trailer when not in use.

**Dealer Responsibility:** Do not deliver any subject trailer until corrective action has been taken. All vehicles subject to this campaign are to be serviced at no charge to the owners regardless of mileage, age of vehicle, or ownership from this time forward.

**Important Reminder:** It is a violation of federal law for a dealer to deliver a new motor vehicle or any new or used item of motor vehicle equipment (including a tire) covered by this notification until the noncompliance is remedied.
