NHTSA Recall 15V-045

IMPORTANT SAFETY RECALL NOTICE

Dear Honda Odyssey Owner:

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act.

What is the reason for this notice?

Honda has decided that a defect which relates to motor vehicle safety exists in certain 2003–2004 model year Odyssey vehicles. There is a potential failure with the SRS electronic control unit which may cause an airbag to deploy without a crash. An airbag that inadvertently deploys while the vehicle is in motion may distract the driver, increasing the risk of a crash.

Your vehicle has already had an electronic noise filter installed to address this concern. This remedy has helped to address the concern, but does not satisfactorily eliminate the potential for inadvertent airbag deployment. Honda is preparing a new and more reliable repair by replacing the electronic control unit with a new design.

What should you do?

Parts needed to complete this repair will become available in the summer of 2015. Honda will send you another letter when those parts become available.

If you have any questions about this notice, please call Honda Automobile Customer Service at 1-888-234-2138. U.S. customers can also locate a dealer online at www.Hondacars.com. Customers in U.S. territories, please contact your local dealer/distributor.

Registration records indicate that you are the current owner or lessee of a 2003–2004 Odyssey involved in this campaign. If this is not the case, or the name/address information is not correct, please complete and sign the Information Change Card and return it in the enclosed postage-paid envelope. We will then update our records.

Federal law requires that any vehicle lessor receiving this recall notice must forward a copy of this notice to the lessee within 10 days.

We apologize for any inconvenience this recall may cause you.

Sincerely,

American Honda Motor Co., Inc.
