RE: 2016 Pilot
NHTSA Recall 15V-424

IMPORTANT

- **Your vehicle is included in a safety recall and should have the recall service done as soon as possible.**
- **Any authorized Honda dealer will perform the recall service at no charge to you.**

Dear Honda Pilot Owner:

What is the reason for this notice?

Our records indicate that a SAFETY RECALL has not been completed on this vehicle; refer to the address card for the affected VIN. There is a possibility that the rear (third row) seat belt may have gotten trapped between the rear seat and the rear sideliner during assembly. If the rear seat belt is misrouted or trapped, an occupant using the seat belt may not be properly restrained in the event of a crash, increasing the risk of injury.

What should you do?

Please contact any authorized Honda dealer for an appointment to have your vehicle's rear seat belt inspected and, if necessary, repaired. This work will be done *free of charge*.
