Non-Compliance Recall: 2018 Odyssey 3rd Row Center Seatbelt Tongue

AFFECTED VEHICLES

Year	Model	Trim	VIN Range
2018	Odyssey	ALL	Check the iN VIN status for eligibility.

BACKGROUND

During 3rd row center seatbelt assembly, the supplier may have installed an incorrect seatbelt tongue which will not allow the center seatbelt to buckle or latch correctly.

CUSTOMER NOTIFICATION

Owners of affected vehicles will be sent a notification of this campaign.

Do an iN VIN status inquiry to make sure the vehicle is shown as eligible.

Some vehicles affected by this campaign may be in your new or used vehicle inventory. New vehicles are subject to a federal stop sale requirement.

Failure to repair a vehicle subject to a recall or campaign may subject your dealership to claims or lawsuits from the customer or anyone else harmed as a result of such failure. To see if a vehicle in inventory is affected by this safety recall, do a VIN status inquiry before selling it.

CORRECTIVE ACTION

Inspect all 3rd row seatbelts and verify the center seatbelt buckles or latches properly. If the center seat belt does not properly latch, order and install a new center seat belt retractor assembly.

PARTS INFORMATION

NOTE: An extremely small percentage of vehicles will require a new center seatbelt. Order the center seatbelt only after confirming that a replacement part is needed.
