IMPORTANT SAFETY RECALL

Gear Select Shifter

Dear [Name],

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act.

FCA has decided that a defect, which relates to motor vehicle safety, exists in certain [2017 model year Dodge Challenger] vehicles.

It is extremely important to take steps now to repair your vehicle to ensure the safety of you and your passengers.

WHY DOES MY VEHICLE NEED REPAIRS?

The transmission in your vehicle may not maintain its position in PARK after a gear selection is made from "DRIVE" to "PARK" while the vehicle is running. This condition will cause the transmission to default to sixth gear. In addition, the vehicle will display a message on the Instrument Cluster, the shift lever will show "D" and there will be an audible alert chime. Turning off the engine prior to exiting the vehicle will return the transmission to the Park position. However, if the engine is left running, and the parking brake is not engaged before you exit the vehicle, **the vehicle could roll away which may result in a vehicle crash.**

HOW DO I RESOLVE THIS IMPORTANT SAFETY ISSUE?

FCA will repair your vehicle ^[2] free of charge (parts and labor). To do this, your dealer will reprogram the transmission control module. In addition, your dealer will require your vehicle for proper check-in, preparation, and check-out during your visit. Your time is important to us; please be aware that these steps may require more time. The estimated repair time is a half hour. We recommend that you schedule a service appointment to minimize your inconvenience. Please bring this letter with you to your dealership.

OR YOUR CHRYSLER, DODGE, JEEP OR RAM DEALER TODAY**

CALIFORNIA RESIDENTS

The State of California requires the completion of emission recall repairs prior to vehicle registration renewal. Your dealer will provide you with a Vehicle Emission Recall Proof of Correction Form after the recall service is performed. Be sure to save this form since the California Department of Motor Vehicles may require that you supply it as proof that the recall has been performed.

WHAT IF I ALREADY PAID TO HAVE THIS REPAIR COMPLETED?

If you have already experienced this specific condition and have paid to have it repaired, you may visit www.fcarecallreimbursement.com to submit your reimbursement request online. ^[3] Once we receive and verify the required documents, reimbursement will be sent to you within 60 days. If you have had previous repairs performed and/or already received reimbursement, you may still need to have the recall repair performed.

We apologize for any inconvenience, but are sincerely concerned about your safety. Thank you for your attention to this important matter.
