New Safety Recall Advanced Communication – T5409052017

FCA US LLC (FCA US) has announced a safety recall on certain 2017-2018 model year (RU) Chrysler Pacifica vehicles equipped with 8-passenger seating option (Sales Codes CYF).

Some of the above vehicles, in certain passenger seating and vehicle situations, the second-row center seating position seat belt buckle could cause the left outboard seat belt to become unlatched. An unlatched seat belt could increase the risk of injury to rear seat occupants during a crash.

FCA US will conduct a voluntary safety recall to replace the second-row center seat belt buckle.

Dealers will be notified of the launch of this safety recall by way of established communication methods. This recall is estimated to launch in 3rd Quarter of 2017.

We ask that you please take the time to ensure that your personnel are aware of this communication and are prepared to execute a customer friendly process for inquiries regarding involved vehicles.
