NHTSA Recall 14V-639

IMPORTANT SAFETY RECALL NOTICE

Dear Acura RLX Owner:

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

What is the reason for this notice?

Acura has decided that a defect which relates to motor vehicle safety exists in certain 2014 model year RLX vehicles. Low temperatures may affect the ability of the driver's and front passenger's seatbelt to extend and retract. A seatbelt that cannot be used properly by the seated occupant increases the risk of injury in a crash.

What should you do?

Call any authorized Acura dealer and make an appointment to have your vehicle's front driver and passenger seatbelts replaced **at no cost to you**. We encourage you to contact the dealer ahead of time to assure that the correct parts for your vehicle will be available at your appointment. The complete process may take approximately 60 minutes; however, your vehicle will need to be at the dealer for a longer period of time. We recommend that you plan to leave your vehicle for a half day to allow the dealer flexibility in scheduling.

Who to contact if you experience problems.

If you are not satisfied with the service you receive from your Acura dealer, you may write to:

American Honda Motor Co., Inc.
