IMPORTANT SAFETY RECALL 2015 110006
This notice applies to your vehicle, WDDSJ5CB6EN123456
Fuel Line Connection
NHTSA Recall # 15V792

January, 2016

2015110006
WDDSJ5CB6EN123456
Daniel Selke
1 Mercedes Drive
Montvale, NJ 07645

Dear Mercedes-Benz Owner,

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

Daimler AG (DAG), the manufacturer of Mercedes-Benz vehicles, has decided that a defect which related to motor vehicle safety exists in the fuel system in certain Model Year 2014 E-Class sedan vehicles. Our records indicate that your vehicle is included in the affected population of vehicles.

WE SENT YOU THIS NOTICE BECAUSE WE ARE CONCERNED ABOUT YOUR SAFETY.

On certain MY2014 E-Class sedan vehicles, an incorrect fuel feed line might have been installed. This could potentially lead to the fuel hose not being properly secured to the fuel feed line. As a result, the connection between the fuel hose and the fuel feed line might develop a leak or completely disconnect. If the fuel hose were to completely disconnect from the fuel feed line, a limited quantity of fuel could potentially spill and the vehicle would stall, increasing the risk of a crash. In the event of a leak, an undefined quantity of fuel could spill over a longer period of time. Leaking fuel in the presence of an ignition source increases the risk of a fire.

An authorized Mercedes-Benz dealer will replace the fuel line on the affected vehicles.

This service will be provided free of charge. We are dedicated to always delivering the Best or Nothing – and respect for your time is a top priority. While the minimum repair time is approximately two hours, your dealer can provide you with a better estimate of the overall time for this service visit. As a matter of normal service process, an authorized Mercedes-Benz dealer will also check for other repair measures which might be applicable to your vehicle and this may increase the required working time.

For additional information and to schedule an appointment please contact **MERCEDES-BENZ OF ANYTOWN, 201-555-1234** or another authorized dealer, at your earliest convenience. To locate additional authorized dealers see www.MBUSA.com/dealerlocator.

Please mention you are scheduling an appointment to replace the fuel line under Recall Campaign # 2015110006. You may be asked for your 17-digit Vehicle Identification Number (VIN) which, for your convenience, is located above your name at the top of this letter.

In the event that you are no longer the vehicle owner, or have had a change of address, please complete the reverse side and return the updated information in the enclosed envelope. If this is a leased vehicle and the lessor and registered owner receive this notice, please forward this information by first class mail to the lessee within 10 days to comply with federal regulations.

Should you have any questions or encounter any difficulty regarding this Recall Campaign please contact an authorized Mercedes-Benz dealer. If for any reason a dealer is unable to remedy your situation, we are always happy to hear from you. Please contact us at 1-(800) FOR-MERCEDES (1-800-367-6372). A new vehicle identification number (VIN)-based recall lookup tool, on our MBUSA.com website, now offers a search function that will indicate whether a vehicle has been subject to a safety recall, and whether that vehicle has had the free remedy performed. See www.MBUSA.com/recall.

If an authorized Mercedes-Benz dealer or MBUSA fails or is unable to perform this service without charge within 60 days, pursuant to law 49 U.S.C. Chapter 301, you may submit a complaint to the Administrator, National Highway Traffic Safety Administration, 1200 New Jersey Avenue, S.E., Washington, D.C. 20590 or call the toll-free Auto Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153); or go to <http://www.safercar.gov>.

We regret any inconvenience this situation may cause you.

Sincerely,
