

IMPORTANT NONCOMPLIANCE RECALL

This notice applies to your vehicle, [REDACTED]

APRIL 2016

Dear Customer:

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act. Your vehicle, [REDACTED], 2016 model year N-Series truck equipped with a 5.2L diesel engine, is involved in Noncompliance Recall No. 16V-105.

CONDITION

Isuzu Motors Limited has decided that certain 2016 model year Isuzu N-Series trucks fail to comply with the requirements of 49 C.F.R. 567 due to a typographical error in the rim size on the certification label in those trucks. If the rim size, tire pressure and weight information cannot be referenced and understood, the owner may overload the vehicle or underinflate the tires. These conditions may increase the risk of a crash.

WHAT WE WILL DO

The old label (which includes a typographical error) will be removed and a new, corrected label will be affixed. Owners of affected vehicles will be requested to contact their Isuzu dealer/authorized service facility to schedule a time to replace the label at **no charge** to customers regardless of mileage, age of vehicle or ownership.

WHAT YOU SHOULD DO

Owners of affected vehicles are requested to contact their Isuzu dealer to schedule a time to replace the label with a corrected label at **no charge** to the customers regardless of mileage, age of vehicle or ownership. To locate the nearest Isuzu dealer you can visit our website at www.isuzucv.com and click on the dealer locator link and enter your zip code or state. Should you not have access to a computer terminal please contact our Customer Relations Department by calling 1-866-441-9638.

If you have any problems obtaining the needed repair or believe that this repair has not been made within a reasonable time, you may contact our Customer Relations Department at the number listed below:
