**Subject: Porsche Safety Recall AG06 – Checking Connecting Links on Front Anti-roll Bar and Replacing if Necessary**  
**2017 Macan**  
**2017 Macan S**  
**2017 Macan GTS**  
**2017 Macan Turbo**

Dear Dr.

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act. Porsche has decided that a defect which relates to motor vehicle safety exists in certain 2017 model year Macan, Macan S, Macan GTS, and Macan Turbo vehicles. Our records show that you are the owner of a vehicle affected by this action.

**What is the issue?**

Porsche has determined that the front anti-roll bar of the affected vehicles may have been fitted with connecting links from a defective batch on which the connecting link bushings can move out of the connecting link eyes.

If the bushings move out of the bushing eyes, the vehicle's handling may be impaired, increasing the risk of a crash.

**What will we do?**

Porsche is conducting a safety recall on these vehicles. The connecting links on the front anti-roll bar will be inspected and, if necessary, replaced free of charge.

**What should you do?**

Please contact your authorized Porsche dealership to schedule a repair appointment and to arrange in advance for a Porsche loaner vehicle should you require alternate transportation during the repair period.

## IMPORTANT SAFETY RECALL

### **Lease vehicles and address change**

If you are the lessor and registered owner of the vehicle identified in this action, the law requires you to forward this letter immediately via first-class mail to the lessee within (10) days of receipt. If you have changed your address or sold the vehicle, please fill out the enclosed prepaid Owner Reply Card and mail it to us so we can update our records.

### **Reimbursement of Expenses**

If you have previously paid for repairs relating to the condition described in this letter, the enclosed form explains how to request reimbursement. We would be pleased to review your reimbursement request.
