INTERIM OWNER NOTIFICATION

NHTSA RECALL 16V-244

Dear Nissan owner:

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act. Nissan has decided that a defect which relates to motor vehicle safety exists in some Nissan vehicles. Our records indicate that you own the Nissan vehicle identified by the Vehicle Identification Number on the inside of this notice.

Reason for Recall

The Occupant Classification System (OCS) is designed to classify the size and weight of the front seat passenger and, under certain conditions, automatically turn OFF the passenger air bag. The OCS system is designed to only deploy the front passenger airbag when the front passenger seat is occupied by an adult. In the affected vehicles, the OCS software may incorrectly classify the passenger seat as empty when it is occupied by an adult. If the OCS does not detect an adult occupant in the passenger seat, the passenger airbag would be deactivated. Failure of the passenger airbag to deploy during a crash (where deployment is warranted) could increase the risk of injury to the passenger.

What Nissan Will Do

Nissan is currently awaiting parts to remedy the affected vehicles. Nissan will send you a second letter, when parts are available, asking you to bring your vehicle to a Nissan dealer for the remedy at that time. This repair is free of charge for parts and labor. In the meantime, if you believe there is an issue with the OCS system in your vehicle, you may bring your vehicle into the nearest Nissan dealer for service.

What You Should Do

If you have additional questions, or if the dealer fails, or is unable to make the necessary repairs free of charge, you may contact the National Consumer Affairs Department, Nissan North America, Inc., P.O. Box 685003, Franklin, TN 37068-5003. The toll free number is 1-800-867-7669.
