

**2017 MY Cadenza Brake Vacuum Hose
Basis of Safety Defect Determination 573.6(c)(6)**

March 6, 2017	Kia Motors Corporation (KMC) receives one (1) claim for 2017 Cadenza vehicle sold in Korean market.
March 6, 2017	<p>KMC informs the brake vacuum hose supplier of the issue. Supplier reviews its records and identifies a total of 30 brake vacuum hoses produced on December 30, 2016 that may have been incompletely formed during production. Issue corrected by supplier on December 30, 2016.</p> <p>KMC inspects all brake vacuum hoses at its plant. None were produced with the specific lot date identified by supplier.</p>
March 7, 2017	KMC reviews its records and identifies that vehicles produced from January 19, 2017 to March 6, 2017 may contain one of the incompletely formed brake vacuum hoses which were produced on December 30, 2016 by supplier.
March 9, 2017	KMC makes decision to conduct safety recall. One (1) claim received from Korean market. No customer complaints, warranty claims. No accidents or injuries.
