

## **SSM 51460**

### **2023 F-150/Escape/Explorer/Maverick - FHEV - With DTCs P0A7D And/Or P0DE6 And VIN Is Not Recognized By High Voltage Battery Rescue Charger**

2023 F-150/Escape/Explorer/Maverick vehicles equipped with a full hybrid electric vehicle (FHEV) powertrain may exhibit diagnostic trouble codes (DTCs) P0A7D and/or P0DE6 and the vehicle identification number (VIN) is not recognized by the Midtronics xRC-3363 High Voltage Battery Rescue Charger. The technician will need to manually enter the vehicle charging mode by selecting 2022 model year, then enter the make and model versus entering the VIN.
