2022-2023 Explorer/Police Interceptor Utility And 2023 Aviator - Rear Parking Aid Camera Washer Deletion

2022-2023 Police Interceptor Utility (gas engine) and all 2022-2023 Explorer vehicles built on or after 14-Jul-2022, 2022-2023 Police Interceptor Utility (hybrid) vehicles built on or after 17-Aug-2022, 2023 Aviator (gas engine) vehicles built on or after 18-Jul-2022, and 2023 Aviator (hybrid) vehicles built on or after 27-Jul-2022 are not equipped with a rear parking aid camera wash feature. The feature was deleted; however, the rear parking aid camera washer jet may still be present without a hose attached to it. This is normal and no repair attempts should be made.
