

## **SSM 51886 2023 Explorer XLT 202A And Higher Trim Levels - 360 Degree View Camera / Reverse Brake Assist Features Deleted - Built On Or After 31-Jul-2023**

Some 2023 Explorer vehicles built on or after 31-Jul-2023 are no longer equipped with the 360 degree view camera or reverse brake assist features. Vehicles affected will be equipped with only rear functioning cameras. The vehicle is not mis built. Do not submit a claim for this condition. Affected vehicles of this change can be verified by entering a vehicle identification number (VIN) on Professional Technician Society (PTS) to check for a 360-degree camera credit on the window sticker. Diagnosis and repair for any parking aid concerns on these vehicles should follow Workshop Manual (WSM) Section 413-13B for Rear Parking Aid Camera System only. Do not use the 360 degree view camera or reverse brake assist diagnostics or repair procedures.
