

SSM 51924 2023 Bronco - JBL™ Accessory Sound Bar Not Compatible With 6-Speaker Audio System – Built On Or Before 11-Jul-2023

2023 Bronco vehicles built on or before 11-Jul-2023 and equipped with a 6-speaker sound system includes a non-operational rear amplifier. This non-operational amplifier (service part number N2DZ-18C804-B) will not produce sound by design from the rear subwoofer. The Ford accessories team offers a JBL™ sound bar for Bronco. The JBL™ sound bar is not compatible and will not function with Bronco vehicles equipped with the 6 speaker sound system built on or before 11-Jul-2023. The JBL™ non-amplified sound bar Ford accessory part numbers VM2DZ18808J and VM2DZ18808K will not work with this vehicle configuration. The Ford Accessory website is in the process of being updated.
