

Don't Use Leak Check Dye in These Vehicles!

EDITOR'S NOTE: This article revises the one posted in **July 2015**. Changes are highlighted in **yellow**.

AFFECTED VEHICLES

General Information

Planning on using a leak check dye to help find a leak? Here's the current list of vehicles that you **shouldn't** use dye on.

Year/Model	Transmission Type
2014–15 Accord Hybrid	E-CVT
2014 Accord Plug-In	E-CVT
1999–05 Civic CNG	CVT
2003–05 Civic Hybrid	
1996–05 Civic HX	
2001–05 Insight	
2016 Pilot	9-Speed A/T

At this time, we have not approved the use of leak check dye in these transmissions. If traces of dye are found in a failed transmission returned under warranty, your claim will be debited. For more information on which vehicles can use leak dye, see S/B 07-085, *ATF Leak Detection*.
