Service Procedure

For concerns involving Police Pursuit Vehicles RPO PPV or fleet vehicles RPO FLT, contact the General Motors Technical Assistance Center for further assistance.

For all others please communicate to the customer that we apologize for this inconvenience and that General Motors is working on a solution for this Condition/Concern. Once a solution is available, this PI will be updated with additional details - allowing dealership personnel to contact the customer to schedule a service appointment and repair the vehicle.

Version	2
---------	---

Modified	On 8/24/2016 To include Cadillac Escalade, Chevrolet Suburban, GMC Yukon and GMC Yukon XL models To include instruction to contact GM TAC regarding issues with Police/Fleet vehicles
-----------------	--

GM bulletins are intended for use by professional technicians, NOT a "do-it-yourselfer". They are written to inform these technicians of conditions that may occur on some vehicles, or to provide information that could assist in the proper service of a vehicle. Properly trained technicians have the equipment, tools, safety instructions, and know-how to do a job properly and safely. If a condition is described, DO NOT assume that the bulletin applies to your vehicle, or that your vehicle will have that condition. See your GM dealer for information on whether your vehicle may benefit from the information.
