

Service Bulletin

PRELIMINARY INFORMATION

Subject: Malfunction Indicator Lamp (MIL) Illuminated with DTCs P24C4, P2493, P2495 and P06A3

Models: 2015 Chevrolet Silverado
2015 GMC Sierra
Equipped with Diesel Engine (RPO LML)

Attention: This PI also applies to any of the above models that may be Israel Export vehicles.

Condition/Concern

Some customers may comment that the malfunction indicator lamp (MIL) is illuminated.
Technicians may find diagnostic trouble codes (DTC) P24C4, P2493, P2495 and P06A3 present.

Recommendation/Instructions

If these DTCs are present, replace the exhaust gas recirculation (EGR) cooler bypass valve as an assembly. Refer to the Exhaust Gas Recirculation Cooler Bypass Valve Replacement in SI.

Note: DO NOT disassemble the EGR cooler bypass valve. Engineering will not be able to perform root cause analysis. If the EGR cooler bypass valve show signs of disassembly, this repair may result in a Debit to the dealer.

Parts Information

Part Number	Description
12639421	Valve, EGR CLR Bypass

Warranty Information

For vehicles repaired under the Emission coverage, use the following labor operation. Reference the Applicable Warranties section of Investigate Vehicle History (IVH) for coverage information.

Labor Operation	Description	Labor Time
4023290	Exhaust Gas Recirculation Cooler Bypass Valve Replacement	Use Published Labor Operation Time

GM bulletins are intended for use by professional technicians, NOT a "do-it-yourselfer". They are written to inform these technicians of conditions that may occur on some vehicles, or to provide information that could assist in the proper service of a vehicle. Properly trained technicians have the equipment, tools, safety instructions, and know-how to do a job properly and safely. If a condition is described, DO NOT assume that the bulletin applies to your vehicle, or that your vehicle will have that condition. See your GM dealer for information on whether your vehicle may benefit from the information.
