Involved Region or Country	North America					
Additional Options (RPO)	With Low Speed Forward Automatic Braking RPO (UHY)					
Condition	<p>Some owners may comment when they start their vehicle a "Forward Collision System Reduced" message is displayed on the DIC, example shown below.</p> <p>Note: On some 2016 models the message displayed will be "Automatic Collision Prep Reduced".</p>					
Cause	This message displays when Forward Automatic Braking (FAB) has been set to the "Alert" setting. This setting disables most FAB functions.					

Correction:

NONE. This is normal when the FAB has been set to "Alert".

NOTE: There are three selections for the FAB system (OFF, Alert, Alert and Brake), shown below. If the FAB is set to "Alert and Brake" the message will no longer be displayed when the vehicle is started.

Version History

Version	4
Modified	Created 03/14/2017 7/5/17 to update Models and Condition section. 10/23/2017 to update the models, add the 2018 model year and add Note in the condition section 5/11/18 to add the Cadillac 2018 XTS models
